Source: Urban-Brookings Tax Policy Center Microsimulation Model (version 0304-3).

(1) Calendar year. See Table 9 footnotes for a description of the reform options. Taxpayers are defined as returns with positive income tax liability net of refundable credits.

(2) Taxpayers with negative cash income are excluded from the lowest income class but are included in the totals. For a description of cash income, see <http://www.taxpolicycenter.org/TaxModel/income.cfm>. Taxpayers that are dependents of other taxpayers are excluded from the analysis.

(3) Includes all 2010 sunset provisions in EGTRRA and all non-AMT provisions in JGTRRA.
