[1] This is the value of total gifts reported by the donor after gifts have been split between the donor and the consenting spouse.

[2] An unlimited marital deduction is available for all outright transfers to a donor's spouse. The deduction is available for gifts to trusts only under limited circumstances.
 [3] An unlimited charitable deduction is available for all outright transfers to qualified charities. The deduction is available for gifts to trusts only if the trust meets certain requirements.

[4] This is the amount of taxable gifts (total gifts less exclusions and deductions) for the current year. [5] This is the amount of taxable gifts (total gifts less exclusions and deductions) for all prior tax years in which the donor transferred property. [6] This is the value of available unified credit that is applied to the gift tax liability in the current period, as reported on Part 2, Line 12 of Form 709. It is the lesser of available unified credit less the specific exemption amount (reported on Part 2, Line 10 of Form 709) or tax on current period gifts. [7] This is the sum of reported value of gift tax on current period gifts and generation-skipping transfer taxes.
