Note: For questions on income, respondents were asked to base their answers on the calendar year preceding the interview. For questions on saving, respondents were asked to base their answers on the twelve months preceding the interview.

Percentage distributions may not sum to 100 because of rounding. See the appendix for details on standard errors and for definitions of family and family head. See text for definition of asset categories.

<sup>\*</sup> Ten or fewer observations.

Note: For questions on income, respondents were asked to base their answers on the calendar year preceding the interview. For questions on saving, respondents were asked to base their answers on the twelve months preceding the interview. For questions of saving, respondents were asked to base their answers on the twelve months preceding the interview.

Percentage distributions may not sum to 100 because of rounding. See the appendix for details on standard errors and for definitions of family and

family head. See text for definition of asset categories.
