Proposal: 0.8

(1) Calendar Year. Baseline is the law currently in place as of November 10, 2021. Includes provisions contained in JCX-45-21 except: provisions related to expanding access to health coverage; Subtitle E, Part 4, item 1; Subtitle H, Part 5, item 5; and provisions with a revenue change of less than \$50 million in the years of our analysis. Includes Subtitle G, Part 6 as amended by Rules Committee Print 117-19.
<http://www.taxpolicycenter.org/taxtopics/Baseline-Definitions.cfm>

(2) Includes both filing and non-filing units but excludes those that are dependents of other tax units. Tax units with negative adjusted gross income are excluded from their respective income class but are included in the totals. For a description of expanded cash income, see
<http://www.taxpolicycenter.org/TaxModel/income.cfm>

(3) The income percentile classes used in this table are based on the income distribution for the entire population and contain an equal number of people, not tax units. The breaks are (in 2020 dollars): 20% \$27,300; 40% \$54,300; 60% \$97,500; 80% \$177,600; 90% \$259,400; 95% \$372,100; 99% \$885,200; 99.9% \$4,028,500.
(4) After-tax income is expanded cash income less: individual income tax net of refundable credits; corporate income tax; payroll taxes (Social Security and Medicare); estate tax; and excise taxes.

(5) Average federal tax (includes individual and corporate income tax, payroll taxes for Social Security and Medicare, the estate tax, and excise taxes) as a percentage of average expanded cash income.

(1) Calendar Year. Baseline is the law currently in place as of November 10, 2021. Includes provisions contained in JCX-45-21 except: provisions related to expanding access to health coverage; Subtitle E, Part 4, item 1; Subtitle H, Part 5, item 5; and provisions with a revenue change of less than \$50 million in the years of our analysis. Includes Subtitle G, Part 6 as amended by Rules Committee Print 117-19.

<http://www.taxpolicycenter.org/taxtopics/Baseline-Definitions.cfm>

(2) Includes both filing and non-filing units but excludes those that are dependents of other tax units. Tax units with negative adjusted gross income are excluded from their respective income class but are included in the totals. For a description of expanded cash income, see

<http://www.taxpolicycenter.org/TaxModel/Income.cfm>

(3) The income percentile classes used in this table are based on the income distribution for the entire population and contain an equal number of people, not tax units. The incomes used are adjusted for family size by dividing by the square root of the number of people in the tax unit. The resulting percentile breaks are (in 2020 dollars): 20% \$19,000; 40% \$37,400; 60% \$65,000; 80% \$109,300; 90% \$158,700; 95% \$223,000; 99% \$514,600; 99.9% \$2,287,400.

(4) After-tax income is expanded cash income less: individual income tax net of refundable credits; corporate income tax; payroll taxes (Social Security and Medicare); estate tax; and excise taxes.

(5) For income categories for which the baseline tax burden is negative, a positive percent change in average federal tax indicates a net increase in federal subsidies, and a negative percent change indicates a net decrease in federal subsidies.

(6) Average federal tax (includes individual and corporate income tax, payroll taxes for Social Security and Medicare, the estate tax, and excise taxes) as a percentage of average expanded cash income.
