[1] Generally, an estate files a Federal estate tax return (Form 706) in the year after a decedent's death. So, in 2021, most returns were filed for deaths that occurred in 2020, for which the filing threshold was \$11.58 million of gross estate. Because of filing extensions, however, some returns were filed in 2021 for deaths that occurred prior to 2020, for which filing thresholds were lower. There are also a small number of returns filed for deaths that occurred in 2021, for which the filing threshold was \$11.70 million.
