Number of AMT Taxpayers (millions): 4.6

(1) Calendar year. Assumes an Administration baseline, which extends all of the individual income tax provisions included in 2001 EGTRRA and 2003 JGTRRA; maintains the estate tax at its 2009 parameters; extends the 2009 AMT Patch and indexes the AMT exemption, rate bracket threshold, and phase-out exemption threshold for inflation. Tabulations include both filing and non-filing units but exclude those that are dependents of other tax units.

(2) Tax units with negative adjusted gross income are excluded from the lowest income class but are included in the totals.

<http://www.taxpolicycenter.org/TaxModel/income.cfm>

(3) Single tax units include those filing single, head of household, and married filing separate.
