Sources: Urban-Brookings Tax Policy Center Microsimulation Model (version 0309-1), Table 1. Projections of the Population and Components of Change for the United States: 2010 to 2050 (NP2008-T1) from Population Division, U.S. Census Bureau, and Tax Policy Center.

(1) Calendar year. Change in estate tax liability from the current law baseline does not include any behavioral response.

(2) Under current law, 2009 exemption is \$3.5 million with a top rate of 45 percent. The estate tax is repealed in 2010. Beginning in 2011, the exemption is \$1 million with a top rate of 55 percent, and the credit for state death taxes paid is restored.

(3) Proposal maintains exemption of \$3.5 million and rate of 45 percent. The deduction for state death taxes paid is extended.

(4) Proposal maintains exemption of \$3.5 million, indexes it for inflation after 2009, and maintains rate of 45 percent. The deduction for state death taxes paid is extended.

(5) Proposal raises exemption to \$5 million, indexed for inflation after 2010, and lowers rate to 35 percent. The deduction for state death taxes paid is extended. Proposal is effective 01/01/10.
