Number of AMT Taxpayers (millions). Baseline: 4.0 Proposal: 3.3

* Less than 0.05
** Insufficient data
(1) Calendar year. Baseline is current policy. Proposal limits itemized deductions to $\$ 25,000$ for single tax units, $\$ 50,000$ for joint tax units, and $\$ 37,500$ for head of household tax units.

The limit is effective 01/01/13, and the dollar values are indexed for inflation after 2013. For a description of TPC's current law and current policy baselines, see
http://www.taxpolicycenter.org/T11-0270
(2) Includes both filing and non-filing units but excludes those that are dependents of other tax units. Tax units with negative cash income are excluded from the lowest income class but are included in the totals. For a description of cash income, see
http://www.taxpolicycenter.org/TaxModel/income.cfm
(3) Includes tax units with a change in federal tax burden of $\$ 10$ or more in absolute value
(4) After-tax income is cash income less: individual income tax net of refundable credits; corporate income tax; payroll taxes (Social Security and Medicare); and estate tax
(5) Average federal tax (includes individual and corporate income tax, payroll taxes for Social Security and Medicare, and the estate tax) as a percentage of average cash income.
(6) Adjusted gross income (AGI) values shown are for married couples filing a joint return (MFJ); the thresholds for single tax units are 80 percent of the MFJ amounts and the thresholds
for heads of household are 90 percent of the MFJ amounts. The AGI thresholds are expressed in 2009 dollars.

(1) Calendar year. Baseline is current policy. Proposal limits itemized deductions to $\$ 25,000$ for single tax units, $\$ 50,000$ for joint tax units, and $\$ 37,500$ for head of household tax units. The limit is effective $01 / 01 / 13$, and the dollar values are indexed for inflation after 2013. For a description of TPC's current law and current policy baselines, see
http://www.taxpolicycenter.org/T11-0270
(2) Includes both filing and non-filing units but excludes those that are dependents of other tax units. Tax units with negative cash income are excluded from the lowest income class but are included in the totals. For a description of cash income, see
http://www.taxpolicycenter.org/TaxModel/income.cfm
(3) Includes tax units with a change in federal tax burden of $\$ 10$ or more in absolute value.
(4) After-tax income is cash income less: individual income tax net of refundable credits; corporate income tax; payroll taxes (Social Security and Medicare); and estate tax.
(5) Average federal tax (includes individual and corporate income tax, payroll taxes for Social Security and Medicare, and the estate tax) as a percentage of average cash income.

* Less than 0.05

Note: Elderly tax units are those with either head or spouse (if filing jointly) age 65 or older.
(1) Calendar year. Baseline is current policy. Proposal limits itemized deductions to $\$ 25,000$ for single tax units, $\$ 50,000$ for joint tax units, and $\$ 37,500$ for head of household tax units. The limit is effective $01 / 01 / 13$, and the dollar values are indexed for inflation after 2013. For a description of TPC's current law and current policy baselines, see
http://www.taxpolicycenter.org/T11-0270
(2) Includes both filing and non-filing units but excludes those that are dependents of other tax units. Tax units with negative cash income are excluded from the lowest income class but are included in the totals. For a description of cash income, see
http://www.taxpolicycenter.org/TaxModel/income.cfm
(3) Includes tax units with a change in federal tax burden of $\$ 10$ or more in absolute value.
(4) After-tax income is cash income less: individual income tax net of refundable credits; corporate income tax; payroll taxes (Social Security and Medicare); and estate tax.
(5) Average federal tax (includes individual and corporate income tax, payroll taxes for Social Security and Medicare, and the estate tax) as a percentage of average cash income.
