Source: Urban-Brookings Tax Policy Center Microsimulation Model (version 0304-2).

(1) Baseline for H.R. 4275 is current law; other provisions are stacked in the order shown.

(2) The AMT exemption would be \$58,000 for a married couple filing a joint return (\$29,000 for married individuals filing a separate return), and \$40,250 for others; indexed for inflation after 2004.

(3) Fiscal-year estimates assume a 75-25 split for all years. The impact on actual fiscal year receipts could differ.

(4) Fiscal-year estimates assume a 20-80 split for all years. The impact on actual fiscal year receipts could differ.

(5) Fiscal-year estimates assume a 65-35 split for all years. The impact on actual fiscal year receipts could differ.

(6) Fiscal-year estimates assume a 40-60 split for all years. The impact on actual fiscal year receipts could differ.
